Subject: Zoning

How do I find out if my property at 506 NE 359th has changed to AG-10, since the 2016 Growth Plan Update. When my husband died I let my son build on my 40 acres; but instead of what the attorney drew up for 6 acres, the county made me give him 20 acres. This is not fair to my other two children. I've lived here since 1972 and thought I would have a say about my land.....evidently not. Patricia J. Murphy 360-263-2444.
