Hello Chris:

As an FYI, I have attached reasonable measures for the City of Ridgefield in response to the Growth Management Hearings Board decision.

Hi Gary,
Attached is a memo on Ridgefield's reasonable measures, with completed data tables, for the Board's consideration.

Thanks,

After discussions with each of you, I put together the attached draft memo of reasonable measures that the city is working on to ensure it meets the 6.0 units/net developable acre density target for residential development. I still am working to fill in some of the data, but please review this outline while I'm hunting down some numbers and offer any feedback. I hope to wrap this up tomorrow.

Thanks,

D
