Definitely! Councilor Boldt is pretty good about signing things right away. I'll let him know that we need this one sooner rather than later.

Hi Rebecca,

Thank you! Sonja is putting together the county's record of compliance on the GMA appeal right now, so that we can file it next week as an FTP site. If you can possibly get that to her this afternoon, that would be very helpful.

Take care,
Chris

Hi Sonja and Rebecca,

After today's hearing, if we can get the BLR resolution signed, that should go into the compliance record, as well.

Rebecca, would you please get the Chair to sign that and send the signed copy electronically to Sonja?

Thank you both so much!
