Mark,

And since this is for the record. I noticed that yesterday's Addendum to the Buildable Lands Report.pdf had some issues with table formatting and text. An example in yesterday's report starts on page 10.

Now, I have corrected these spacing errors in the report and am adding another corrected version for the record.

Hello Mark:

I apologize. I meant to say Appendix E and not Appendix F. I made a mistake.

Subject: 2015 Buildable Lands Report for Clark County

Hello Mark,

Clark County is submitting an addendum to the 2015 Clark County Buildable Lands Report (BLR). I have attached a transmittal letter, amended BLR with a new Appendix F, and the adopting resolution.

A hard copy is in the mail.

We look forward to continue working with Washington State Department of Commerce.

Gary
